Notes and References Appendix A

- 1 We estimate that Summit Public Schools have received at least \$177,698,848 in philanthropic funding. This is the total amount of philanthropic funding presented in this table. This amount, however, is unlikely to match the total amount of philanthropic funding received by Summit Public Schools. According to a 2018 report published by Summit Public Schools (*Changing Education. Changing Lives.*), several foundations for which grant information was not publicly available have donated to Summit Public Schools, some of them to support the Summit Learning Program.

For example, philanthropic funding was received from the Sheri and Les Biller Family Foundation, Chamberlin Family Foundation, Charter School Growth Fund, Arthur and Toni Rembe Rock, Baton Rouge Area Foundation, Bezos Family Foundation, Bloomberg Philanthropies, Charles and Helen Schwab Foundation, Leon Lowenstein Foundation, Overdeck Family Foundation, Raikes Foundation, Siegel Family Endowment, Webb Family Foundation, Next Gen Learning Challenges, and William and Flora Hewlett Foundation.
